Poratha Plant Maintenance Sdn Bhd (PPM) is a subsidiary and maintenance division of Poratha Corporation Sdn Bhd.

Our plant maintenance works and related services are wide ranging from maintenance for plant equipment to complete maintenance services for entire production plants in the LNG, Oil & Gas, Petrochemical, Power Generation and General Industry sectors.

We are a leading specialist in plant turnaround, de-bottlenecking, upgrading services and a turnkey systems provider

PPM is a preferred partner for our internationally recognised clients due to our commitment and dedication to our craft, excellence on deliverables and attention to detail.

Our portfolio of projects include high profile mega-projects as well as a variety of works tailored to specific client requirements.
